Class 1 (Excellent - 25 years+)

Hardness

15700 N (Janka)

Colour

Varies from deep red to golden yellow turning grey on weathering

Stability (Resistance to cracking, warping etc)

Average

Finish (Machinability and sanded finish)

Good

Use class

Class 4 - In ground or fresh water contact

Comments

Cumaru is our 'go to' hardwood for exterior public as a durable weather resistant timber with very little tannin staining.
