

# FACTORY FURNITURE

## Douglas Fir (Pseudotsuga menziesii)

Certification FSC® C005669

### Origins

North America

### Density

530 Kg/m<sup>3</sup>

### Strength Class

C35 (Good)

### Durability

Class 3 (Good)

### Hardness

2900 N (Janka)

## Colour

Light reddish-brown with quite a few knots - turning silvery-grey on weathering

## Stability (Resistance to cracking, warping etc)

Good

## Finish (Machinability and sanded finish)

Good

## Use class

Class 3 - Not in ground contact, outside

## Comments

Clear graded and stable softwood, durable but suitable for light public use only due to softness.
