Approx weight

213kg

Foundation

2 no. pads 400 x 600 x 400 mm in C20 concrete (recommendation only)

Handling

Please observe health and safety lifting guidelines. A fork lift or crane will be required for off loading and positioning of this product

Maintenance

Depends on usage and position. All elements will require annual cleaning. Galvanised and powder coated mild steel only require maintenance if damaged.

**Please note that when a powder-coat is applied over a hot dip galvanised surface pinholing can occur in the surface finish - this is not considered a defect.
